## Three Cheers for the V-Triple P!

**November 22, 2024**

Today, we're another giant step closer to cleaner air, safer, less congested streets and critical funds for essential transit infrastructure. The FHWA clearly understands the importance of congestion pricing to our region and recognizes that the Governor's phase-in approach is well aligned with the findings of the environmental review and that we are ready to proceed. The signed VPPP makes it clear that the city, state, MTA and federal government are all partners working together to improve our quality of life and economy. It's a day riders should cheer.
